COMMUNITY CONSULTATION CENTER CAB NEWSLETTER

**Submitted by CAB Member
Hazel Bowe (above), June 8, 2017**

We are looking for current and former consumers of the Community Consultation Center (CCC) to join the Consumer Advisory Board (CAB) to help give back to our wonderful community. The CAB meets four times a year. We are also looking for volunteers to help out with some of our upcoming events, like a Block Party/Flea Market, selling dinners, bake sales etc. In addition, we are looking for people who can give out flyers to spread the word and maximize turnout for these great fundraisers. We are also exploring different initiatives, like trying to start a Men's Empowerment Group within the clinic to support the men in the community. We have also discussed the possibility of a field trip next year as a way to thank the CAB Members and bring our community together on a more positive note. There is so much we are talking about doing and would like to do, and we want your help! So, if you're a consumer at the CCC, spread the word and please show up and support our cause. If you want more information about our CAB, you can come to 40 Montgomery Street or call Gisela Ireland, LCSW or Jacqueline Otero, LCSW at 212.233.5032.
